

Camp Week

Campers will have a fun-filled, experience no matter what their level of artistic ability. All your camper needs to do is bring his or her enthusiasm, and we'll supply lots of fun and rewarding projects.

The first day will be a "clay day" where campers enjoy making their own creations out of raw clay. After the project is fully dry, campers will continue the decoration process before it is glazed and fired again.

Campers will paint pottery almost every day and will have the chance to learn a variety of fun painting techniques.

Some projects will be ready at the end of the camp, while others will need to be picked up later.

Please dress your child for a messy good time.
